EXTREME 16 SCOPE COVER

Protection: Guards the scope from impact and keeps it zeroed.

Flotation: Can float up to 21 pounds of gear.
Size: Fits scopes up to 16.5 inches long.

Materials: Strong, coated fabric for durability and impact resistance.

Weight: Lightweight at 18 ounces.

Uses: Also works as a shooting bag, seat, or pillow.

Extras: Comes with a guide, inflation bulb, and repair patches.

Built for: Extreme outdoor conditions.

INSPIRED BY INNOVATION

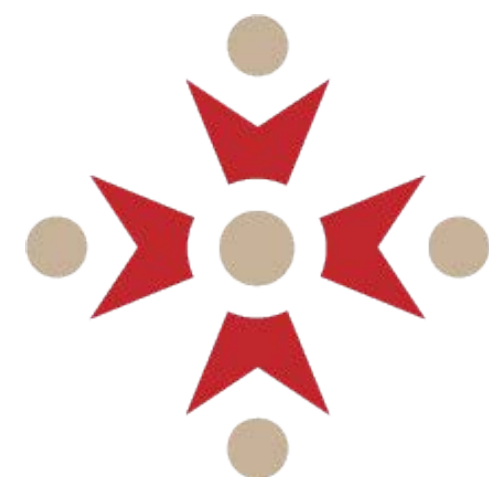

Made In USA

Developed by Blaine "Rock" Tompkins, a fighter pilot with 20 years of service.

Originally designed to protect the F-35 Lightning II pilot helmet.

Evolved into gun and scope cases for hunters, military, and outdoor enthusiasts.
